## LITIGATION & DISPUTE RESOLUTION: PREVENTATIVE LITIGATION SERVICES

Working closely with businesses, Ruder Ware litigators understand the cost benefits of providing a proactive risk assessment of current operations to identify issues before they become matters requiring litigation. Experienced trial lawyers in state and federal courts, we know firsthand the amount of time and money a trial demands from a business. It might seem out of sorts for a firm with a robust litigation department to promote tactics to prevent litigation, but Ruder Ware is committed to the success of our clients and that means keeping an eye on the client's bottom line.

Ruder Ware offers a depth and breadth of services unique to a Wisconsin law firm headquartered north of Madison. Working with private sector companies as well as public sector entities, our litigation attorneys practice as part of a full-service law firm supporting diverse client needs.

Preventative litigation services include:

- Product Liability Risk Assessment
- Contract Review/Risk Management
- Insurance Coverage Assessment

Experienced problem solvers, our litigators provide on-site training for business managers. Previously presented topics include managing electronic discovery and product warranty best practices. To schedule your on-site training, contact Jim Harrington at 715.845.4336.

As part of a full-service law firm, our attorneys provide clients with a one-stop approach to their legal needs. Similar to the above-referenced risk assessments, the firm's Employment, Labor & Benefits Group provides an employment law audit of a client's human resource operations. Ruder Ware, the largest Wisconsin law firm headquartered north of Madison, also provides legal counsel in Business Transactions; Employment, Labor & Benefits; and Trusts & Estates. ♦
